Create your perfect home

The great thing about buying a Miller home is that you are able to make it your own from the very beginning. Once you’ve reserved your home, you can start thinking about how you’d like things to be and even make a few decisions before you move in.

It could be a simple item such as an additional electrical socket or maybe you want to add flooring or fitted wardrobes. Whatever you choose it can be provided before completion of your new home, so you avoid any future disruption.

You may already have some ideas about what you want for your home. Or maybe you’re looking for some inspiration. Our award winning specification provides the perfect place to start. Wherever practical, we ask you to choose your own kitchen and bathroom including your own tiles, worktops, appliances and other options. But that is just the beginning. We have a large range of options and extras that you can consider.

When it comes to getting the details right, we’re committed to quality throughout. We only work with high-quality brands, Symphony for kitchens, Porcelanosa for ceramic tiles, Ideal Standard sanitaryware, Vado fittings and the opportunity to select Zanussi or AEG appliances.

From sleek, designer kitchens to cool, contemporary bathrooms, down to the fine details of tiles and taps, there’s plenty to fire your imagination and suggest a whole range of possibilities for you to create a unique living environment.

Why Miller Homes?

We've been building homes since 1934, that's three generations of experience. We've learned a lot about people and that's made a big difference to what we do and how we do it.

We're enormously proud of the homes we build, combining traditional craftsmanship with new ideas like low carbon technologies. The big difference is that we don't stop caring once we've finished the building, or when we've sold the house, or even once you've moved in. We're there when you need us, until you're settled, satisfied and inviting your friends round.
